The association will be moving to a "**flex winter schedule**" that will allow schools to make a decision when it is safe for their community to participate in Winter sports. Our challenges differ across the state with Covid-19 and we feel that the best defense is utilizing our school leaders to make a decision for each program. Along with adding some mandatory requirements.

Google doc sheet is set up for each member to update information for their school, this information will be used to cancel any previously scheduled games and set a clear communication for each member school on the status of their winter sports programs. Below we have listed the window games that will need to be played within and the minimum numbers needed to play for your school to qualify for state championship tournaments.
